Ruby

For the Scorpio (Vrischik) Ascendant Sun is lord of the 10th house. Sun is a friend of Mars, the lord of Scorpio Ascendant. Therefore, wearing of a Ruby for the native of this Ascendant will bestow him with honours, promotions and great political power. He will achieve great success in his ventures if he is a businessman or industrialist. If Sun as lord of the 10th is in 10th this will give rise to a powerful Raja yoga and by wearing a Ruby, the native can even become a high dignitary, Minister, Prime Minister or President. The wearing of Ruby will prove very helpful if there are obstructions in achievement of success on account of inauspicious disposition or affliction in any way of Sun in the birth chart. The results will be more pronounced in the major period and sub-periods of Sun.

The Ruby to be worn should be at least 2.5 carats in weight and should not have the inauspicious flaws. It should be got set in a ring of gold mixed with copper on a Sunday, Monday or Thursday.

This ring should be a touching ring so that the stone touches the skin. The ring should be worn as soon as possible after sunrise on a Sunday of the bright half of the lunar month. It is very important for all gem stones that before wearing them they should be kept immersed for sometime in unboiled milk or Ganges water. Afterwards the stones should be worshipped with flowers and incense, and the Mantras of the planets should be recited 108 times. The ring should be worn in the ring (third) finger. The Ruby is a very expensive gem stone and those who can not afford to purchase a Ruby, can use any of the following substitutes: Red Spinel, Star Ruby, Pyrope Garnet, Red Zircon or Red Tourmaline.

Pearl

For the Scorpio Ascendant Moon is the lord of the ninth house, the house of Bhagya (fortune). Therefore, wearing of a Pearl to the natives of this ascendant would prove very beneficial. This promotes religious and charitable inclinations and purity of mind, brings good fortune and will prove good for the longevity of father. Wearing of a pearl always will prove very beneficial if Moon is not well disposed or afflicted in any way. The wearing of Pearl with a Red Coral for persons with Scorpio Ascendant will do immense good to them.

The Pearl to be worn should be of 2, 4, 6, or 11 carats. It should be purchased and set in a silver ring on Monday or Thursday (never Saturday) and after observing the other rituals mentioned earlier and reciting the following Mantra 108 times, the ring should be worn on a Monday morning in the bright half of the lunar month. Those who cannot afford to buy a Pearl can wear Moonstone, white sapphire is also advised as a substitute by some authorities ; but it is not a cheap stone. The ring should be worn in the ring finger of the right hand. The Pearl or its substitutes should never be worn with Diamond, Emerald, Blue Sapphire and Cat's Eye and their substitutes.

<p>Red Coral</p> 	<p>For the Scorpio Ascendant Mars is lord of the Ascendant (and also of the 6th) But his lordship of the Ascendant will prevail over the lordship of the sixth house. The Red Coral will be beneficial to the native in the same manner as for the Aries Ascendant.</p> <p>Red Coral should be set in ring of Gold mixed with copper The weight of the stone should not be less than carats. 1 he stone should be purchased and got set in the ring on a Monday, Tuesday or Thursday. The ring after observing the usual rituals, should be worn one hour after sunrise on a Tuesday of the bright half of the lunar month in the ring finger of the right hand.</p>
<p>Emerald</p> 	<p>For the Scorpio Ascendant Mercury is lord of the 8th and the 11th. Therefore, Mercury is not considered an auspicious planet for this Ascendant. Still we are of the view that if Mercury as lord of the 11th is in the Ascendant, 2nd, 4th, 5th, 9th, 10th or 11th, wearing of Emerald in the major period of Mercury will help the native to acquire wealth and have financial gains in his profession.</p> <p>The Emerald should, as far as possible, be set in a silver ring on a Wednesday. Fridays and Saturdays will also not be inauspicious for this work. Then after observing the prescribed rituals and reciting the following Mantra 108 times, the ring should be worn in the little finger of the right hand about two hours after sunrise, on a Wednesday of the bright half of the lunar month.</p>
<p>Yellow Sapphire</p> 	<p>For the Scorpio Ascendant Jupiter will be lord of the 2nd and 5th houses. Being lord of 5th house, a trine, Jupiter is considered an auspicious planet for this Ascendant. Apart from this, Mars, lord of this Ascendant, is a friend of Jupiter. Consequently Yellow Sapphire is a very suitable stone for the natives of this Ascendant—more so in the major period of Jupiter and his sub-periods. It will prove more profitable if worn along with Red Coral—the gem stone of the lord of this Ascendant.</p> <p>Yellow Sapphire should always be got set in a gold ring on a Monday or Thursday. The weight should not be less than three carats. It should not be of 6,11 or 15 carats. After observing the usual rituals the ring may be worn in the ring finger of the right hand on a Thursday morning of the bright half of the lunar month. The substitutes for Yellow Sapphire are Yellow Pearl, Yellow Zircon, Yellow Tourmaline, Topaz and Citrine (Quartz Topaz). Diamond, Blue Sapphire, Gomedha and Cat's Eye should never be worn with Yellow Sapphire.</p>
<p>Diamond</p> 	<p>For the Scorpio Ascendant Venus is lord of the 7th and the 12th. Moreover, Mars, lord of this ascendant, is not a friend of Venus It will, therefore, not be advisable for the natives of this Ascendant to wear Diamond even when Venus is in his own sign in the 7th and the 12th.</p> <p>Diamond is very expensive stone. It will, therefore, do if a Diamond of minimum weight of 1 carats is used. It should be set in platinum or silver ring and worn in the little finger of the right hand. The ring should be worn after observing the usual rituals on a Friday morning of the bright half of the lunar month. The substitutes for Diamond are White Sapphire, White Zircon and White Tourmaline. The weight of the stones should not be less than 3 or 4 carats. The cheapest substitute (costing about a rupee per carat) is White Rock Crystal (Sphatik). This stone, if worn, should be of 11 carats.</p> <p>Diamond should never be worn along with Ruby, Pearl, Red Coral and Yellow</p>

<p>Blue Sapphire</p> 	<p>Sapphire.</p> <p>For the Scorpio Ascendant Saturn is lord of the 3rd and the 4th houses. Saturn is considered as a neutral planet for this Ascendant. Still if as lord of the 4th, Saturn is in his own sign in the 4th (causing Sasa Yoga) or is in the 5th, 9th, 10th or 11th Blue Sapphire can be worn, if necessary, in the major period of Saturn But Red Coral, Pearl and Yellow Sapphire are much more appropriate gem stones for this Ascendant</p> <p>Blue Sapphire should be got set in a ring of steel (if that is not possible Ashta Dhatu should be used) on a Saturday (or Friday) and after observing the usual rituals and reciting the following mantra 108 times, the ring should be worn in the middle finger of the right hand on a Saturday two hours before sunset. The Blue Sapphire should be of at least 5 carats. The substitutes for Blue Sapphire are Blue Zircon, Amethyst, Blue Tourmaline, Lapis Lazuli, Blue Spinel, and Neeli. Ruby, Pearl or Yellow Sapphire should never be worn along with Blue Sapphire.</p>
